# GEORGIA

SEPTEMBER 28-29, 2019

ROBINS AIR FORCE BASE

**The Thunder Over Georgia** is the premiere military air show with more than 200,000 attendees, presented at Robins AFB, Georgia. Many of the top-rated acts from around the United States and the world participate in this show every 3 years. A day of thrills, both in the air and on the ground, is capped off with the world-renowned United States Air Force Thunderbirds. From 2 to 92 this is family entertainment for the entire family. **FREE and open to the public.**

## SUPPORT THE AIR SHOW

The Middle GA Military Affairs Committee (MGMAC) fundraises collectively for the show's presentation every three years. Our efforts are essential to provide the highest quality, most exciting show in the Southeast.

With defense budgets shrinking, private funding is more important than ever to host Air Shows. Our nation's air shows are vitally important as they both entertain and promote the excitement and opportunities of the USA Air Force to future airmen and women.

We invite you to become a community partner, providing critical donor dollars to support an outstanding display of skills and bravery.
